

SIGNATURE DRIVE FOR TEDORA BROWN REPUBLICAN FOR CONGRESS

Thank you so much for helping us reach the amount of signatures needed to get Tedora on the ballot, so she can run for congress! The signatures you will be asking people for are ONLY for the purpose of getting her on the ballot. Signatures are not an endorsement or a vote.

Only voters who are ELIGIBLE to vote in the 11th congressional district may sign the petition. Most people do not know which district they live in. That is ok! We have provided a ZIP code list to help. You can also try to map it out if you have time or you can look at a map ahead of time and see which cities are NOT in the district. Each signature will be verified by us.

Only US Citizens who are eligible to vote may gather signatures. You must be 18 years or older. You must use white 8.5x11 paper. Only one sided. **No red ink.** Do not mark, staple or bind together with anything else. Do not make copies. By circulating these petitions, you are affirming that you are doing this on a volunteer basis.

On the SAMPLE form, you will see different sections marked. Here is the guide:

A (Orange) – Do not touch! Nothing should be written or marked here other than what we have filled in.

B (Green) – Only signers should be writing in here. You are not to fill in ANY part of these boxes for them. Only the original signer can sign. They cannot sign for their spouse, friends or family members. It is a violation of the law to do so.

C (Pink) – This is where you will fill out info for yourself, however, do not fill out or sign ANY of this until you are in front of a notary. It must be you, the signature gatherer, who gets it notarized since it is you that has to verify your information to the notary public. This requires a valid government ID.

D (Yellow) – Do not touch! This is for us to fill out.

If you are only using the petition to sign for yourself, that is fine and we thank you! You are not required to get all ten signatures filled in, but if you can, that would be great. Make sure to get it notarized before you turn it in! We need the ORIGINAL signed and notarized documents, we cannot accept copies or email attachments.

Please call us at 630-998-7600 with your info (so we can keep you informed) and mail your petitions to:
